

## When is my state transitioning to NAMS

Migration from NAMS to Trello is being conducted State by State, now through the second week of February. The transition schedule for each state is listed in the table below.

If you have been recommended for NAMS transition by your State Coordinator, you will receive an email advising you of the selection approximately 3 weeks prior to your transition. The email will also provide a link to the SignupGenius application to sign up for NAMS training for Group Leaders. You must complete the 2 hour live training class prior to gaining access to NAMS. New NAMS classes are published on SignupGenius three (3) weeks prior to Class date.

Trello users will also get email notification of the Blackout period for transition to NAMS

**Trello to NAMS Data Migration Timeline** - You will receive 4 emails regarding the start of Data Migration (the transfer of Trello records to NAMS).

Reminder #1 – One week prior to migration, with a reminder to enter any last updates or complete work in Trello, now. Reminder to sign up for class if not already done.

Reminder #2 – The day or a day and a half prior to Blackout and migration you will receive an email reminding you again that your access to Trello will end soon.

Reminder #3 – 1-2 hours prior to maintenance starting (the migration process and other system updates) you will get a final notice email asking you to sign out of Trello.

Alert, Email #4 – You will be notified when the migration is complete, and you can now access NAMS. A link to NAMS will be included.

The actual migration of data will require approximately three days. Your State Coordinator will have first access to NAMS. They will be given 24 hours to verify all the state's data made the migration and to make assignments as needed.

Migration Period		State Coordinator	Email Address	STATE	Validated Trello list	Transition Complete
Nov 14-19	Shela	Gordon	sheila.gordon@qovf.org	AR	Returned	COMPLETE
